PARTS AND REPAIR

## Affordability

We understand budgets matter. That's why Roc Industrial, delivers top-quality parts and repairs at the most affordable market prices.

## Quality

At Roc Industrial, quality is built into everything we do, ensuring your operations run smoothly and efficiently.

## Reliability

We're not happy until you're happy. We go the extra mile to ensure your complete satisfaction with every interaction and every purchase.

## ABOUT US:

Roc Industrial LLC is an ISO 9001:2015 certified, family-owned business with a passion for keeping industry moving. We specialize in component-level repairs and sales for critical automation hardware, including PLCs, HMIs, servo drives, and motors. Our extensive inventory of active and obsolete parts, coupled with our expert technicians, ensures we can solve even the most complex downtime challenges.

With a commitment to quality that is now internationally certified, we provide fast turnaround times, same-day shipping on stock, and exceptional personal service. Whether you are a small local shop or a large corporation, we pride ourselves on being the partner you can trust. From sourcing hard-to-find parts to providing reliable repairs backed by our 2-year warranty, Roc Industrial LLC is here to keep your operations running smoothly.
